Mutuo in Euro indicizzato CHF: la SCOPERTA con la richiesta del conteggio

ABF - Banking and Finance Referee

From 2009 to today, the decisions published ONLY on our case are OLD 50, over half of them are FAVORABLE, as only 23 are rejected (even for errors in filing the case), 1 ceased and 3 unprocessed. By 2015, the above decisions are ONLY favorable to the borrower, making the mortgage partially nullified and recognizing the damage to the borrower.

The decisions of the Banking and Finance Referee are not binding on the Bank as they have only a DECISIONAL power. On the TUCONFIN site all decisions in PDF.

Court of Milan - Order N.R.G. 2015/47185, states the lack of transparency - art. 35, paragraph, of the "Consumption Code." No condemnation as this exception was placed in an INITIAL ACTION.

Court of Rome, Order N.R.G. 44182/2015 del 03.01.2017, emphasizes the importance of ABF decisions and the consequent failure of the Bank to do so, thus void the article on monetary revaluation to be applied in case of extinction for lack of transparency and clarity. Therefore, Barclays Bank Plc is sentenced to REFUNDED as much as PAID BY THE MERCHANT (with interest), PAY A sum as a guarantee for "AGGRAVATED RESPONSIBILITY" and for refusing all legal expenses up to date.

Court of Busto Arsizio, JUDGMENT 375/2017 of 10/03/2017, CONDENSES the bank to repay the sums paid by the borrower as a monetary revaluation in the early termination, in addition to legal interest.

Grazie - Gracias - Thanks
